

**OFFICER VACANCY ANNOUNCEMENT
FOR APPOINTMENT/INITIAL APPOINTMENT TO THE
TEXAS AIR NATIONAL GUARD**

AMENDMENT2: Submission e-mail address

POSITION: Resident Trained Flight Surgeon

ANNOUNCEMENT: 136-15-43

AFSC: 048R3

ISSUE DATE: 27 May 2015

POSITION #: 0980523

CLOSING DATE: Until Filled

GRADE: Initial Commission – Lt Col

LOCATION: 136th Medical Group
NAS/JRB, Fort Worth Texas 76127

Remarks: This is a military vacancy and will be accepting trainees. IT IS MANDATORY TO POSSESS A DOCTOR OF MEDICINE DEGREE OR A DOCTOR OF OSTEOPATHY DEGREE FROM AN APPROVED SCHOOL OF MEDICINE OR OSTEOPATHY.

Applications must arrive at the 136 AW/Military/AGR Application Inbox at the following e-mail address: (usaf.tx.136-aw.mbx.military-agr-application@mail.mil) no later than **2359 Central Time** on the closeout date of the job announcement.

Applications must be complete upon initial submission in one single PDF package, not to exceed 6 MB and with the proper naming convention of Last Name- Announcement number (i.e. Last Name-136-13-56). Applications submitted in pieces will not be accepted and automatically disqualified. All packages must be redacted for Personal Identifiable Information (PII). Copies of official transcripts will be accepted, if they are required per the announcement. If selected for the job announcement, official transcripts will be required at a later date.

Incomplete packages, packages not meeting mandatory criteria, or packages received after the close out date as indicated on the job announcement will **NOT** be considered.

Applications will be reviewed no earlier than three business days prior to the close out date.

Qualification/Disqualification letters will be emailed to each applicant NLT 10 days after the announcement close out date. If you need to update a previously submitted package and it is before the closed out date, you must send a new complete package with the updated information. Sending only the updates will disqualify your package as incomplete packages are not accepted. Email constraints limit the size of an application to 6 MB and will need to be named in the subject line as Update Last Name-Announcement number in the following format (i.e. “**Update Last Name-136-13-34**”)

ITEMS REQUIRED FOR: USAF, AF RESERVES OR ANG COMMISSIONED OFFICERS:

1. A completed AF Form 1288 (Application for Reserve Assignment) - can be obtained from <http://www.e-publishing.af.mil>

PERSONAL INTERVIEWS: Applicants must be available for interview. Applications will be reviewed and qualified applicants will be notified to meet the Selection Board. Applicants will be notified by phone/mail of interview time and place. Payment for travel is **NOT AUTHORIZED**.

REASONABLE COMMUTING DISTANCE: Vacancies will normally be filled from personnel who are within or are willing to move within reasonable commuting distance of the military unit.

NOTE: The Adjutant General will not look favorably upon personnel who apply and are selected for a position in one geographical area and subsequently request to be transferred to another area because of the commuting distance involved. All applicants will receive consideration for this position without regard to race, religion, color, national origin, sex, political affiliation, kinship, and other non-merit factors.

POSITION QUALIFICATIONS

1. Specialty Summary. Administers the aerospace medicine program; conducts medical examinations and provides medical care for flyers, missile crews, and others with special standards of medical qualification. Evaluates living and working environments to detect and control health hazards and prevent disease and injury within the Air Force community. Related DoD Occupational Group: 260101.

2. Duties and Responsibilities:

2.1. Provides aerospace medicine support. Implements policies and procedures and prepares directives governing flight medicine, preventive medicine, and occupational medicine. Serves as liaison with federal, state, and local agencies in matters related to aerospace medicine, preventive medicine, and occupational medicine. Follows medical standards for flying and special operational personnel and submits recommendations on waivers of medical standards. Develops programs to ensure a fit force for worldwide deployments. Participates in training programs for aeromedical personnel.

2.2. Provides preventive medicine support. Directs health education and control measures for preventable diseases and injuries. Determines adequacy of living and work environments. Conducts health promotion and fitness programs. Provides advice on nutrition, food service sanitation, water supply safety, sewage and waste disposal, immunizations, and health education. Conducts or provides consultation for disease outbreak investigations and health services research.

2.3. Advises medical staff. Advises medical and dental staff on treatment of flying and special operational personnel and preparation of patients for aeromedical evacuation. Provides medical advice and guidance to bioenvironmental engineering, public health, physiological training, and other organizations. Provides epidemiological expertise for population-based health services and evidence-based medical practice.

2.4. Provides occupational medicine support. Participates in the process of determining frequency and scope of occupational medicine exams required by federal regulations and workplace exposures. Conducts and supervises placement and periodic health exams for employees. Identifies occupational hazards, notifies appropriate agencies of occupational diseases, and job related injuries or illnesses.

2.5. Conducts medical examinations of personnel with special standards of medical care. Examines personnel to determine fitness for flying and special duties, or to recommend continuance, removal, or return to flying status and aviation service.

2.6. Provides and organizes medical care for flyers and special operational personnel and their families, to include preventive medicine, counseling, and family unit support. Manages disorders and injuries unique to flying operations. Provides specialty consultation to aeromedical staff. Serves as liaison between flying squadrons and medical services. Provides continuing comprehensive health maintenance and medical care to entire family regardless of sex, age, or type of problem. Directs outpatient and inpatient care and service.

2.7. Provides medical support to operational mission and serves as staff advisor to flying squadron commander. Regularly participates in the flying mission. Inflight duties include evaluation of aircrew, aircraft, environment, and mission to provide feedback and guidance to line and medical staff. Develops and manages an aggressive preventive medicine program, including education of flying and special operational personnel in healthy life styles. Establishes procedures for aircraft mishap and disaster response, and managing casualties in aviation accidents and other disasters. Provides advice on air rescue and aeromedical evacuation. Serves on aircraft mishap investigation boards. Participates in flying safety and aircrew performance enhancement programs.

2.8. Provides medical support during contingency operations. Conducts medical prevention, intervention and evacuation activities during contingency operations. Gathers and utilizes medical intelligence to provide optimal medical support to deployed forces. Develops support mechanisms for family members of deployed personnel. Integrates their primary medical specialty with an understanding of aviation and contingency medicine to identify research needs in support of Air Force operations.

3. Specialty Qualifications:

3.1. Knowledge. Fulfillment of education and experience requirements satisfies this requirement.

3.2. Education. For entry into this specialty, it is mandatory to possess a doctor of medicine degree or a doctor of osteopathy degree from an approved school of medicine or osteopathy.

3.3. Training. The following are mandatory as indicated:

- 3.3.1. For award of AFSC 48R1, completion of a primary course in aerospace medicine IAW AFI 48-149, *Flight and Operational Medicine Program (FOMP)* as outlined in Initial Qualification Training (IQT).
- 3.3.2. Completion of a residency (other than the USAFSAM Residency in Aerospace Medicine) at a residency training program fully accredited by a recognized national accrediting agency acceptable to the Surgeon General, HQ USAF.
- 3.4. Experience. For award of AFSC 48R3, designated Fully Mission Capable (FMC) IAW AFI 48-149 as outlined in Mission Qualification Training (MQT).
- 3.5. Other. For award of AFSC 48R3 the following are mandatory as indicated:
- 3.5.1. Possess an aeronautical rating of Flight Surgeon, Senior Flight Surgeon, or Chief Flight Surgeon.
- 3.5.2. MTF/SGP certification and MAJCOM/SGP approval.
